1.1 Purpose of the IFB

The purpose of this IFB is to provide Bidders with the opportunity to bid for the rights and obligations, including hosting (Appendix A) and commercial (Appendix B) rights and obligations as well as the legal terms (Appendix C) associated with the organisation of the FIVB Challenger Cup.

1.2 No FIVB Obligation

This IFB is not a tender and does not commit the FIVB in any way to select a Bidder, or to proceed to negotiations for an agreement, or to award any agreement. The FIVB reserves the complete right to, at any time, to amend the process and any deadlines, reject all Bids, and to terminate this IFB process.

1.3 Governing terms for IFB

The Bidder herewith accepts and agrees that the present Terms and Conditions (“TnC”), including the Appendices and Schedules, govern the organisation and hosting of the TOURNAMENT that is the subject of this IFB.

1.4 Bidding Deadline

All bids received by the deadline are final and can only be revised after the deadline upon FIVB’s request.

1.5 Bidders

This IFB is open to National Federations, Agencies, Organisers, cities and any other third party interested in participating in the bid process for the Event. By submitting a bid, any prospective bidder represents and warrants that it has the capacity and authorisation to organise the FIVB Challenger Cup in the bidder’s proposed host country and city/cities and is aware of the relevant local legislation, governmental requirements and other requirements or restrictions known at the time of the bid necessary to organise the FIVB Challenger Cup in the bidder’s proposed host country and city/cities.

1.6 Multi-Edition Bids

A Bidder may submit a Bid for multiple editions of the TOURNAMENT. A Bidder can bid for a maximum of three (3) editions of the TOURNAMENT. The Bidder acknowledges that the FIVB has the right to revise the TnC for future editions of the TOURNAMENT in the event of a Multi-Edition Bid, providing in such case an opt-out for the successful Bidder.

1.7 National Federation Involvement

Any third party bidder should be aware that the National Federation where said bidder wishes to host the TOURNAMENT may have commercial or organisational requirements or restrictions for organising an event in said National Federation’s Territory including restrictions deriving from national sponsorship agreements related to the National Federation’s national team. These requirements and restrictions have to be respected by the bidder. Thus, FIVB strongly encourages the third party bidder to contact the National Federation in the Territory that it wishes to organise the FIVB Challenger Cup before entering a bid in order to obtain any information related to such requirements and restrictions.

After the deadline, FIVB reserves the right to disclose the names (but not the value, conditions and details of the bids) to the National Federation where a bidder wishes to host the FIVB Challenger Cup

TOURNAMENT in order to solicit said National Federation's assessment. The National Federation shall provide the FIVB with objective reasons – if any - as to why the bidder is not qualified to organise the Event in its Territory within ten (10) days from receiving the list of bidders. The FIVB will consider these reasons as part of its evaluation of the bid.

1.8 Bidder's Expenses

Bidders are solely responsible for their own expenses in preparing and submitting Bids, and for any meetings, negotiations or discussions with the FIVB or its representatives and consultants, relating to or arising from this IFB. 1.10 Conflict of Interest

All Bids, supporting documentation and generally Bidder's submissions to FIVB prior to its appointment become the property of the FIVB and will not be returned to the Bidder. All submissions will be held in confidence by the FIVB unless otherwise required by law.

1.13 Key Persons

The Bidder shall identify up to two (2) key persons that will be committed to be in charge and actively work throughout the project, if the Bidder is selected.

1.14 Evaluation Team

The Evaluation Team will give a recommendation for the selection of a Bidder or Preferred Bidder(s) to the FIVB.

1.15 Evaluation Criteria

The Evaluation Team will compare and evaluate all Bids to determine the Bidder's strength and ability to host the FIVB Volleyball Challenger Cup, in order to recommend the Bid which is most advantageous to the FIVB governing institutions for a final decision. The Evaluation Team will not be limited to any

selection criteria. It may consider various criteria that the team identifies as relevant during the evaluation process, such as the presentation of marketing and communications plans, sporting considerations, etc. The Evaluation Team may also consider any additional proposals regarding the organisation of the TOURNAMENT, including the structure of the organisation of the TOURNAMENT. The Evaluation Team may apply the evaluation criteria on a comparative basis, evaluating the Bids by comparing one Bidder's Bid to another Bidder's Bid.

1.16 Additional Information

The Evaluation Team may, at its discretion, request clarifications or additional information from a Bidder with respect to any Bid, and the Evaluation Team may make such requests to only selected Bidders. The Evaluation Team may consider such clarifications or additional information in evaluating a Bid.

SCHEDULE 3 –RIGHTS EXPLOITATION PLAN

Rights Exploitation Plan

The Rights Exploitation Plan for the 2018 edition of the **EVENT** will be provided by the **FIVB** by no later than 28 February 2018.

The FIVB reserves the right to modify the Rights Exploitation Plan before each edition of the EVENT.

SCHEDULE 4 – LED REQUIREMENTS

In addition to the marketing rights described in this Appendix C and in particular the Rights Exploitation Plan (Schedule 3) **FIVB** will provide detailed **LED Guidelines** to secure maximum and professional exposure of **FIVBs** and **OCs** Partners and Sponsors.

As described in the relevant rights agreements (“Rights Agreements”) between FIVB and its sponsors, suppliers and supporters (together “Commercial Affiliates”) as well as the Organisers of the FIVB “Challenger Cup” (“Event”), the use of LED/electronic perimeter advertising board systems (“LED Systems”) at Event matches is subject to guidelines issued by FIVB.

These guidelines shall apply in order to deliver improved branding presence to Commercial Affiliates around the field of play whilst also protecting the basic integrity of FIVB matches. One of the key principles of these guidelines is to ensure that the use of LED Systems shall not cause disruption to players, officials, spectators and broadcast viewers.

These guidelines shall apply in relation to all Commercial Affiliates, National Federation, Organisers and FIVB identifications (and the artwork for such identifications) used on LED Systems at the applicable Event matches.

FIVB reserves to right to modify and update these guidelines. In the event of any inconsistencies between these guidelines and the terms of any Rights Agreement, the terms of the Rights Agreement shall prevail.

RULES FOR ROTATION DURING MATCH TIME

As described in the Rights Agreements, the identification of Commercial Affiliates and/or FIVB on LED Systems is split into shared rotations and solus rotations, which change during a match in accordance with a pre-set order determined by FIVB. The term “rotation” as used in these guidelines means a period of time during which identifications are displayed on the LED System before being replaced in their entirety by new identifications, which are in turn themselves replaced by new identifications, and so on.

The 50% OC/NF - 50% FIVB split of time between the Organiser’s Commercial Affiliates and the FIVB’s will be calculated during match play time. The following periods of time are reserved for FIVB use and will not feature any commercial branding:

- Pre-match protocol

- Sport Presentation (e.g. player presentation, anthems, great replays/ moments of the game, challenge calls, etc.
- During time-outs
- Between sets
- After the final whistle

The period prior to the start of the international broadcast feed is not calculated in the split and will be established according to a running order to be agreed by both parties.

The running orders for the Event will be finalized in due course and communicated via separate email.

SHARED ROTATIONS

Definition

- A shared rotation is a period of time during which, in principle, all of the Sponsors are identified on the LED System at the same time.
- Running Orders and Guidelines are applied at the start of T-10 Minutes before the first whistle of the match.
- Full rotation will have an approximate duration of 5-6 Minutes

Layout

- During periods of shared rotations, the layout and position of Commercial Affiliate identifications on the LED System will reflect the board layout/positions used on fixed perimeter advertising boards as per the official court layout.

Identifications

- A Commercial Affiliate's identifications during shared rotations cannot be changed during a match.

Animations/Movement

- Commercial Affiliate branding must be static during shared rotations. No moving images are permitted and nor are special effects or animations such as flashes, waves, celebration claps, spinning, zooming in or out. Fading in/out during transition may be accepted providing it is discrete.
- Once a shared rotation appears on the LED System it will remain unchanged and static for the full length of the rotation.

SOLUS ROTATIONS

Definition

- A solus rotation is a period of time during which a single Commercial Affiliate is identified on the LED System.

Layout/Running order

- During solus rotations, the layout and position of Commercial Affiliate covers the entire surface of the boards except for the fixed panels as identified in the official court layout.

Identifications

- Subject to applicable local laws and regulations, during solus rotations each Commercial Affiliate is free to promote:

Animations/Movement

- Commercial Affiliate identifications must be static during solus rotations. No moving images are permitted and nor are special effects or animations such as flashes, waves, celebration claps, spinning, zooming in or out. Fading in/out during transition may be accepted providing it is discrete.
- Once a solus rotation appears on the LED System it will remain unchanged and static for the full length of the rotation.
- Rotation length shall be 15", the same for all Commercial Affiliates but some may be repeated more often to fit within the sponsor structure with the hierarchy of the sponsorship programme.

Pre-match, Match time, Time-outs and Post-match

FIVB will use the LED System at certain times during the event (pre-match, during time-outs, in between sets and post-match) for sport presentation and/or to include various identifications, such as FIVB competition branding, FIVB branding, messages and/or campaigns, player line-ups, fan engagement, corporate campaigns and other activations.

At the beginning of each set, the first minute of the Commercial Affiliate shared rotation will be applied (on the same conditions as described above).

End of set

At the end of the first 4 sets, the Commercial Affiliate shared rotation will be applied when the first team reaches 21 points. At the end of the fifth set, the shared rotation will be applied when the first team reaches 10 points.

Awarding Ceremony & Side Event

A separate Awarding ceremony & side events (e.g: concerts, shows...) rotation need to be identified and approved by the FIVB prior to the event. Please refer to the timeline for further details

Acceptable Colour(s) and Brightness

The LED System should not negatively affect the playing, officiating and/or viewing of the game (broadcast or spectator), nor lead to or create confusion. Therefore:

- to avoid any confusion with the colour(s) of the assistants' flags no artwork can be predominantly the same colour as the flags (i.e. red or neon yellow);
- Commercial Affiliate artwork should not contain highly saturated colours;
- artwork colours must be kept within broadcast required ranges after colour corrections are applied;
- FIVB may adapt colour saturation level of Commercial Affiliate identifications before or during a match broadcast

Approvals, Provision of Artwork and Cost

All Commercial Affiliate identifications are subject to FIVB approval and must be submitted to FIVB/OC at least four weeks prior to the intended use. All Commercial Affiliate artwork must be submitted in a specific file format (with pantone colour references if required) according to the respective technical specifications and deadlines as communicated by FIVB/OC to the Commercial Affiliates.

For the avoidance of doubt, if any artwork has been used at a venue, it is the Commercial Affiliates' responsibility to cover any costs to adjust the artwork to be used at another venue.

These costs include transforming the Commercial Affiliate artwork into workable files (including for example format translations), management cost, codec licenses, file quality control, copy positioning, and colour correction. Any costs incurred in relation to additional artwork will be charged to the relevant Commercial Affiliate.

If the **ORGANISER** fails to provide written notice within the abovementioned window, the **ORGANISER** shall be deemed to have accepted the new terms and conditions of the **AGREEMENT** and waived its option to terminate the **AGREEMENT**.

- 5.3. The **ORGANISER** shall not be entitled to assign, sublicense etc. any of its rights hereunder without the prior written consent of the **FIVB**. **FIVB** may condition its written consent upon the signature of a legally binding declaration by the assignee/sublicensee whereby it shall be jointly and severally liable with the assignor regarding any rights or obligations hereunder.
 - 5.3.1. If the **FIVB** provides written consent to an assignment of some or all of the **ORGANISER's** obligations to organise the **TOURNAMENT** to any third party, including but not limited to a third party local organiser, then the **FIVB**, the **ORGANISER**, and said third party shall sign a tripartite agreement regulating the relationship.
