(Volleyball floors, volleyballs and nets & net systems)

Roles & Responsibilities

FIVB

Contract

The contract of agreed objectives between the FIVB and each National Federation remains the focal point in the efficient implementation of Projects Platform.

Material Donation

The FIVB will make material donation and will deliver the Material, free of charge, to the main harbour of NF (or to the closest main harbour).

Shipment

The FIVB will then help the NF to liaise and coordinate operations with the material manufacturer at no additional costs to the NF.

NATIONAL FEDERATION (NF)

Material Donation Agreement

An agreement will be prepared by the FIVB for the volleyball equipment project between the FIVB and National Federation (NF).

Import Duties

The NF shall bear all and any custom taxes, import duties, taxes including VAT (if any), licensing fees taxes, storage costs and local transportation costs. For volleyball floor donations, the NF is required to guarantee that it will take financial responsibility for these costs. The NF shall arrange all the import licenses with their respective governmental entity or get a custom exemption if needed.

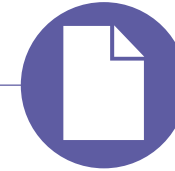

Material Transportation

The NF shall use its best efforts to ensure that the material will be released from customs within 30 days upon arrival at the main port of its Country. The NF is responsible for arranging local transportation for the goods to be moved from the port to the desired location. The NF shall not sell or commercialise the donation of volleyball equipment.

C – COACH THE COACHES

High Performance:

To provide high performance services for a one-off seminar/clinic from a world class expert in a specialised area of an NF's elite coach structure. This could include coaching, sports science, sports medicine, skill acquisition, mental health and wellbeing, performance analysis and functioning as a high performance training and competition venue.

Education:

To support the development and education of volleyball/beach volleyball coaches and administrators from grassroots volleyball through to elite volleyball with courses and qualifications.

- This programme will provide support to upskill a National Federations (NF) elite coach structure by providing a world class expert in agreed High Performance areas (ie. Coaching, Physical preparation & monitoring, Statistics, Physiotherapy and Massage, Recovery, Skill Acquisition, Mental Health and Well being and Psychology) for one off seminar/clinic.
- The programme is aimed at giving national and international coaches in a NF's national team structure the opportunity to access the most up-to-date coaching methods and practices.
- The coach the coaches programme will provide the latest information on the art of coaching young athletes, including practical sessions and formal presentations.
- This programme will also give coaches at all levels access to some world-class coaches and experts both within and outside our sport.
- This programme will provide support to assist the NF elite coach structure which can be continued independently by the NF in the years that follow. The programme can run up to a maximum of 10 days.

C – COACH THE COACHES

Roles & Responsibilities

FIVB

Contract

The contract of agreed objectives between the FIVB and each National Federation remains the focal point in the efficient implementation of Projects Platform.

VOLLEYBALL E-LEARNING (On Request)

GENERAL CONDITIONS

- Only NFs affiliated with the FIVB are eligible to apply for 2020 FIVB Development Projects Platform support. Please also note the following:
 - ❖ The FIVB must have approved the final report of any projects from 2019 in order for your NF to be eligible for support in 2020. [NFs with projects still in progress will be eligible to apply, but will be required to provide a final report once the project is completed]
 - ❖ Suspended NFs are ineligible for support
 - ❖ One (1) approved project per NF application
- On the dedicated online Projects Platform portal, applications can be submitted by NFs for their preferred project. Please also note the following:
 - ❖ Applications completed in full, submitted on time and online are considered on a case by case basis.
 - ❖ Exceptional circumstances may be considered for other methods of submitting an application but must be requested in writing prior to the deadline.
 - ❖ In the case of exceptional circumstances being approved, the FIVB may provide a template for the project application.
- A project application from multiple parties may be considered under the principle that a sole NF must be identified as the NF benefitting from, and responsible for, the project which will be reflected in the project agreement with the FIVB.
- The FIVB will prepare an agreement for the approved projects binding the joint partners (FIVB & NF) to the project. Please also note the following:
 - ❖ The NF will have ninety (90) days from the date the FIVB sends the agreement to sign and return in order for the approved project to be eligible for support.
 - ❖ In the case that the agreement is not signed or returned within ninety (90) days, the approved project will no longer be eligible for FIVB support. The NF concerned will also be ineligible to reapply for another project for the remainder of the current year.
- All approved projects with a signed agreement will be subject to monthly reporting and a final report. Approved projects may also be subject to site visits and a full audit at the discretion of the FIVB.
